PLEASE GIVE ZAKAT

THF is stressing hard to create a long term, positive impact through empowered youth who will help the country in achieving sustainable development.

WORKING TOWARDS A SKILLED PAKISTAN

AMBREEN AHMED
Central Women Institute, Karachi

THERE IS NO FORCE EQUAL TO A WOMAN DETERMINED TO RISE

✓ **EARNING:**
Rs.35,000 monthly

A SINGLE PARENT SUPPORTS HER FAMILY

Leading a tough life, Ambreen Ahmed was married to a man who soon shattered all her dreams by leaving her alone to struggle with small kids to take care of. Being a single parent who did not have anyone to fall back upon, she faced difficulties with each passing day in making both ends meet by herself.

Her life took a positive turn when Ambreen came to THF through an admission drive, got herself enrolled in the Beauty Therapy course and graduated in Mar 2018. Making people look beautiful gave her an edge in life to take care of herself and her kids with much dignity. Ambreen is now confidently working at a renowned Beauty Salon in Karachi along with providing freelance services from home.

{ An independent mother is now able to send her children to school, paying off utilities and financing all their expenses on her own, no more a burden on the society. }

COLLECTIVELY PER YEAR HUNAR GRADUATES ARE EARNING

Rs.1.5
BILLION

SAEED'S JOURNEY FROM THE STREET TO A SHOP OWNER

Many students from economically challenged families across Pakistan are now overcoming their financial limitations by achieving pinnacles of success after learning technical skills. These skills enable them to have a career path and become contributing members of the society. One such high achiever is Saeed Mohammad Ahmed, a proud graduate of THF, 2016

Saeed belongs to a poor family who barely had enough to make two ends meet, therefore, Saeed could not pursue further studies after completing his matriculation. Roaming around on the streets with no direction in life, financial instability and demotivation; his life had no purpose. By enrolling himself at Hunar Institute, Bedian in Refrigeration & Air Conditioning course, it turned into a prosperous story of raising oneself from poverty to success. This voyage of acquiring skills has helped Saeed gain rich experience as an AC & Refrigeration Technician giving him a confidence to open up his own shop.

{ Saeed can now contribute towards family income, supports his brother's education and pays medical bills of her mother; raising his socio-economic positioning within the immediate family. }

✓ **SAEED MOHAMMAD AHMED**
Bedian Road Institute, Lahore

✓ **EARNING:**
Rs.50,000 monthly

HUNAR GRADUATES ARE **ECONOMICALLY ENGAGED**

HUNAR GRADUATES IN DEMAND

Aim of technical / vocational training is not achieved till the graduates are successfully employed. With quality vocational training coupled with soft skills, Hunar graduates are Alhamdulillah in demand, with an extensive industrial linkages developed by THF.

Thank
you

HOUSEKEEPING TRADE LAUNCHED

CLEANLINESS IS NEXT TO GODLINESS

In August 2018, THF successfully passed out over **150 young boys and girls** in Housekeeping from Multan. THF has successfully placed **70% graduates** in various prominent hospitals, hotels and restaurants enabling them to earn a respectable income to support their livelihood.

During the course of 03 months, these young boys & girls are given training on waste management and equipment/supplies handling, basic housekeeping procedures of cleaning & maintaining an area, infection control, communication etiquettes of hotel housekeeping and much more for hospitals & restaurants operations.

I WOULD LIKE TO HELP ENABLE YOUTH ON JOBS

ASA AWARDED ON THE ARCHITECTURE OF HUNAR

A VISUAL & SPATIAL EXPERIENCE INNOVATIVE USAGE OF TRADITIONAL AND RECYCLED ELEMENTS

A "Well-Designed Campus" supports sustainable, livable learning environment and alleviates stress for the students. Translating the need The Hunar Foundation (DMS), Karachi is constructed and nationwide recognized for its well-designed architecture. The campus invites people to a visual and spatial experience. The leading Award winning Architecture firm of Pakistan Arshad Shahid Abdullah Associates (PVT.) LTD designed Hunar Institute, Karachi and got an award in February 2019 by ADA (Architecture Design Art), for its cost effectiveness and playfulness of the environment with the innovative usage of traditional and recycled elements. The architecture is such that it allows people around to see the workshops in progress and have interactive discussions at various level which contributes to a healthy learning environment.

RALPH WALDO EMERSON GAVE US A CLUE:

"The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well."
